EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Edgar Cataxinos on November 27, 2006.

In the claims:

In claim 1, part (e), replace the phrase "GDP bound" with "GDP-bound"

In claim 1, part (e), replace the phrase "GTP bound" with "GTP-bound"

In claim 9, replace the phrase "A recombinant" with "An isolated recombinant"

In claim 10, replace the phrase "A recombinant" with "An isolated recombinant"

REASONS FOR ALLOWANCE

No further rejection under 35 USC 103 is being made. Even though the G proteins of claim 42 were known at the time of the instant invention, the Examiner is unable to make a *prima facie* case that these G proteins do not normally couple to the claimed GPCRs under wild-type conditions. Therefore, this limitation appears to circumvent the prior art.
